INTRODUCTION

This, our third all digital exhibition again showcases the high standard of images that we see and now expect from the talented photographers that support Australian Exhibitions. We received 1246 images with that high standard very evident as the judges had some spirited discussions to select the placegetters. They deserve a big Thank You for giving their time and expertise.

My thanks also to the supporters and to my committee for again making the effort to ensure this Exhibition maintains its success and acceptance by the photographic community, they are small in number but big in effort.

Next year we are due to return to a “print only” exhibition and because of the work involved we must look to attracting additional help to share that workload – at present those too few share too many duties.

The past 23 years of the Sutherland Shire National Exhibition of Photography must not be allowed to wither as it is a highly regarded feature in the Shire’s and Australia’s photographic calendar.

John Newton SSAPS, AAPS.
President
