A.P.S. Approved Exhibition
2012/15

Supported by The Federation of
Camera Clubs NSW

INTRODUCTION

The 24th Sutherland Shire National Exhibition was again run as an All Digital Exhibition. This followed a decision that was reluctantly taken to suspend the conduct of print exhibitions until such time as there are a sufficient number of younger helpers who are available and willing to assist with print handling.

To provide easy entry of digital submissions it was decided that an upload process would be used and when it was found that no other system was available for use, Martin Regan, AAPS immediately put his hand up to developing one, the resulting process did the job very well, Thank you Martin.

The Exhibition again showcases the high standard of images that we see and now expect from the talented photographers that support Australian Exhibitions. • We received 1250 images from 122 entrants and I thank you all for your continued support. The judges had some difficult decision making and discussion when selecting the Award Winners. • They all deserve a big Thank You for the giving of their time and expertise.

My thanks also to our supporters and to my committee for again making the effort to ensure this Exhibition maintains its success and acceptance by the photographic community, they are small in number but big in effort.

I would also like to acknowledge The Federation of Camera Clubs NSW for their continued promotion and support and also the Photographic Clubs who have provided venues for judging and public showings of the exhibition.

President*
