A.P.S. Approved Exhibition  
2015/16

Supported by The Federation of  
Camera Clubs NSW

# INTRODUCTION

This year's exhibition was very successful. We received the highest number of digital entrants and entries since commencing the digital sections in 2007, which is very encouraging.

A total of 1685 images from 168 photographers were received from all parts of Australia and 3 overseas entrants. The images received were of a very high quality which made it very challenging for the judges when selecting the awards.

I would like to thank the judges for giving up their time and expertise in selecting a wide variety of images for presentation.

This year we ran a new fully online entry system which worked well, but we had to revert to our previous online entry system due to technical difficulties encountered during the last few days of accepting entries. Overall we were happy with the performance of both systems.

I would like to thank our committee members David Daly and Cam Sutton for their work in making this exhibition such a success. I would also like to thank John Newton for assisting us during the judging as his help and expertise is appreciated.

This year we are presenting the exhibition at six camera clubs and their support is greatly appreciated.

Finally, I would like to acknowledge the Federation of Camera Clubs for their continued support and the use of their judging equipment.

We look forward to your continued support in making the exhibition a great success.

*Martin Regan* AAPS  
Exhibition Chairman
