A.P.S. Approved Exhibition
2016/19

Supported by The Federation of
Camera Clubs NSW

INTRODUCTION

We again had a very successful exhibition. The number of entrants was just below last years record entry. This year 160 entrants submitted a total of 1594 Images which were of a very high quality.

I would like to thank the judges for giving their time and expertise in selecting a wide variety of images for presentation. This quality of images was evident where a lot of discussion took place when it came to selecting the winners in each section and the Overall Winner.

Our online entry worked very well without any hitch and this year we used a new presentation judging program which made it easier to record the scores and display images for award selection.

I would like to thank Peter Sparks for assisting us during the judging. This enabled us to share the workload. I would also like to thank David Daly and Cam Sutton for their work in making the exhibition a success.

Finally I would like to acknowledge the Federation of Camera Clubs for their continued support and providing the trophy for Most Successful Exhibitor. We look forward to your continued support in making the exhibition a great success.

Martin Regan AAPS
Exhibition Chairman
